

TIMING THE VISA REQUEST

- Submit the request a full 6 months in advance to be sure that we can meet the desired start date.
- Unforeseen individual case issues may require additional time: Prevailing wage requests (3+ mos), wage adjustments (1-4 weeks+), government requests for evidence (2 mos), Consular visa processing (1-3 weeks), etc.
- With each week that passes, there is an increasing risk that the approval will not arrive in time.
